Capturing the hearts of coffee lovers

Cherub & Heavenly

Perfect partners for small venues

Fracino, creator of the world's most powerful coffee machines, presents Cherub, a contemporary hand fill machine for venues where space is at a premium.

Compact dynamic and sleek, Cherub joins the retro styled Heavenly as the latest the low-volume, semi-professional machine which is reliable, durable, and user-friendly.

Suitable for pods and ground coffee the stylish machines are ideal for those requiring up to 50 coffees daily - revolutionising the espresso experience in offices, boutiques, pubs, bars and the home*.

With the facility to make two drinks and steam milk simultaneously, these unique machines feature a high powered element, and a full-sized commercial group ensuring production of the finest coffee.

Complementing today's vibrant bar and cafe culture, the range is perfect for outside caterers or larger venues seeking the flexibility of a portable espresso machine for great coffee 'on the go'.
